Re: Oliver Ranch (Amendment)

POADP/MDP # 662-E

Dear Mr. Thompson:

The City Staff Development Review Committee has reviewed Oliver Ranch Subdivision Preliminary Overall Area Development Plan (Amendment) # 662-E. Please find enclosed a signed copy for your files. Your plan was accepted, however please note the following:

- The 662-D amendment was the result of a change in land use and could possibly cause the loss of Vested Rights due to the change. The issue has yet to be resolved as of the issuance of this approval letter. Although this amendment delineates the set land use change, this letter does not approve the land use change identified by this plan as a 6.81 acre commercial tract of land located at the intersection of Canyon Golf Road and Overlook Parkway.
- No Subdivision Plats for the property located within the hatched area abutting the Canyon Golf Road thoroughfare will be approved unless a subdivision plat for Canyon Golf Road is submitted concurrently as evidenced by the letter dated July 9, 2004 to the City of San Antonio from HPK Ventures LTD.
- In consideration of public safety and convenience, excessive grades by reason of topography should be avoided in street layouts and arrangements.
- Access and R.O.W. issues along state facilities will need to be resolved with the Texas Department of Transportation (TXDOT). For information about these requirements you can contact TXDOT at 615-5814.
- The acceptance of this Master Development Plan # 662-E is confined^d to the boundary limits of the site. Any projection(s) of future roadways outside the boundaries does not infer any set alignment of future roadways. All major arterials and streets shall follow all regulations.

Mr. Thompson
Page 2
August 16, 2004

- Historic Preservation and Design Section of the Unified Development Code (Article 6 35-630 to 35-634). The review focused on the possible effects of the proposed platting, but more importantly, on the possible effects of any future development of the subject property, on archaeological resources. Disturbance of any site or removal of artifacts from any site within the city without prior review and written clearance by the City Historic Preservation Office (HPO) and/or the State

Historic Preservation Office (SHPO) is a violation of the San Antonio Uniform Development Code and/or the Antiquities Code of Texas. Also, if a federal agency is involved (for example, with funding, licensing, permitting, or oversight) in development or regulation of a property, sites within the property are protected under the National Historic Preservation Act. Both underground and ground level portions of sites are included as well as sites found after clearance is obtained.

The Texas Sites Atlas indicates that no archaeological sites have been previously identified within the above referenced property. Also, in the opinion of the HPO, it is unlikely that any significant sites or other archaeological resources are present. However, if a previously unidentified site is encountered during construction work, activities should be immediately stopped in the vicinity and the HPO (210-207-7306) and SHPO notified.

If there are any lands or easements owned or controlled by the State of Texas or any of its political subdivisions within the property, or if there is any federal agency involvement or jurisdiction relating to the property or its development, the THC may require other archaeological compliance efforts additional to those required by the HPO.

- This development will need to comply with tree preservation ordinance #85262. For information about these requirements you can contact Tree Preservation at 207-0278.
- It will be expected that you will plat all of the property depicted in your POADP/MDP, to include: floodplains, drainage areas and open space.

I would encourage you to work closely with the school district, so that they can plan accordingly.

Mr. Thompson
Page 3
August 16, 2004

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. If the proposed development is not platted in phases this POADP will be invalid.

All Platting will have to comply with the Unified Development Code, Master Plan and Major Thoroughfare Plan for the city of San Antonio.

If you have any questions regarding this matter, please contact Mr. Michael O. Herrera, at (210) 207-7038.

Sincerely,
